

Assembly Speaker Michael Sheridan & Senate Majority Leader Russell Decker

2009

Dear Representative/Senator:

The Association of Career Employees (ACE) is writing to thank you for the provisions in the 2009-2011 budget that provided health insurance to the domestic partners and adult children (through age 26) of state employees.

ACE had advocated for both of these insurance improvements for several years. In a biennium with many fiscal challenges, and with sacrifices required from state employees, these new benefits provide some fairness and acknowledgement of the contributions made by state employees.

Thank you.

Sincerely,

Bob Jordan
Executive Director
